

## EDUCATION

### **University of North Carolina at Chapel Hill** GPA: 3.91

Majoring in journalism (with a specialization in interactive multimedia) and computer science, with a minor in entrepreneurship. Relevant coursework includes Interactive Journalism, CS Data Structures, News Writing, Multimedia Storytelling, and UX Design.

**Chapel Hill, NC**  
Aug. 2016 - May 2020

### **Robertson Scholars Leadership Program**

The Robertson Scholars Leadership Program gives a selective group of students a full- tuition scholarship and allows them to be "dual citizens" of both the University of North Carolina and Duke University, taking classes and even living at the opposite campus.

**Durham, NC**  
Aug. 2016 - May 2020

### **Thomas Jefferson High School for Science and Technology**

"TJ," as it is affectionately called, is a magnet high school that draws students from all over Northern Virginia to study science, technology, engineering and mathematics.

**Alexandria, VA**  
Sept. 2012 - June 2016

## WORK EXPERIENCE

### **The Guardian** Visuals Intern

Covered the 2018 midterm elections for the Guardian's Visuals team, building election-related interactives, contributing to data-driven analysis, and developing the Guardian's live election results page.

**London, UK**  
Sept-Dec. 2018

### **NBC** Multimedia Journalism Intern

Worked in NBC's national newsroom for the Owned Stations division, reporting national stories and creating videos, graphics, and interactives for NBC's digital platforms.

**New York, NY**  
June-Aug. 2018

### **The Delta Center** Media Intern

Helped produce multimedia stories for the Delta Center's "Most Southern Place on Earth" workshops, taking photos, producing video stories, and designing for printed marketing.

**Cleveland, MS**  
June-Aug. 2017

### **CustomInk** Software Engineering Intern

Worked as a software engineering intern with CustomInk's eCommerce team, entirely rebuilding a complex internal system with MySQL, MongoDB, Ruby on Rails, and JS.

**Fairfax, VA**  
June-Aug. 2016

### **nvite** Software Engineering Intern

**Washington, DC**  
June-Aug. 2015

### **3advance** Engineering Intern

**Washington, DC**  
June-Aug 2014

### **SocialTables** Product Intern

**Washington, DC**  
June-Aug 2013

## PORTFOLIO

### **"Facebook, the New Frontier of Political Ads"** Writing, Interactive

An investigative story and interactive about the habits of political advertisers on Facebook that allowed readers to see what ads were targeted towards them, published on NBC station websites across the country.

July 2018

### **"Exploring Facebook's News Landscape"** Data Visualization

This interactive piece uses data visualizations to analyze data from the Facebook Pages of top news organizations to better understand how people interact with news content on Facebook.

May 2018

### **"Things Have Got to Change": Affordable Housing in Chapel Hill** Writing

A profile of Yvette Matthews, one of the activists promoting the issue of affordable housing amidst soaring rents in Chapel Hill. Published in IndyWeek May 30, 2018

April 2018

### **"Most Southern Place on Earth" Multimedia** Photo, Video, Writing, Design

The photos, videos, blog posts, and print portfolios that I created to document the Delta Center's two NEH-funded workshops for K-12 teachers.

August 2017

## RESEARCH

### **Duke DeWitt Wallace Center for Media and Democracy** Online Gatekeeping

Collaborated with Dr. Phillip Napoli on research on the gatekeeping of news across social media.

**Duke University**  
May 2018 - (current)

### **Media and Journalism Emerging Technologies Lab** AR Storytelling

Worked with Prof. Steven King's Emerging Technologies Lab to create tools and storytelling experiences using new technologies like AR, VR, and AI.

**UNC - Chapel Hill**  
Sept 2017 - (current)
