Peter Andringa

Journalist • Developer

WORK EXPERIENCE

The Guardian Visuals Intern

Covered the 2018 midterm elections for the Guardian's Visuals team, building election-related interactives, contributing to data analysis, and developing the Guardian's live election results.

NBC Multimedia Journalism Intern

Worked in NBC's national newsroom in the Owned Stations division, producing videos, designing graphics, developing interactives, and building digital tools for NBC's 15 local station websites.

The Delta Center Media Intern

Assisted with the Delta Center's "Most Southern Place on Earth" workshops by planning logistics, taking photos and video, producing multimedia stories, and designing printed marketing.

Customink Software Engineering Intern

Worked on the eCommerce technology team, entirely rebuilding an internal inventory management system with MySQL, MongoDB, Ruby on Rails, and JS.

nvite Software Engineering Intern

3advance Engineering Intern

SocialTables Product Intern

PORTFOLIO

Blue Wave or Ripple? A Visual Guide to the Democrats' Gains Data Visualization

As the 2018 midterm election results came in, I contributed to The Guardian's visual analysis story by looking at night's results alongside demographic information.

2018 US Midterms: Live Results Interactive, Data

Designed and built portions of The Guardian's midterm elections page, including both back-end data parsing, front-end React components, and the innovative ticker.

Facebook, the New Frontier of Political Ads Writing, Interactive

An investigative story and interactive about the habits of political advertisers on Facebook.

2020 New Hampshire Primary Candidate Tracker Interactive, Data

An application that tracks the early 2020 presidential candidates visiting New Hampshire.

"Things Have Got to Change": Affordable Housing in Chapel Hill Writing

A profile of Yvette Matthews, an activist for affordable housing amid soaring rents in Chapel Hill.

EDUCATION

University of North Carolina at Chapel Hill B.A. Journalism, B.A. Computer Science

Double-majoring in journalism and CS, with a minor in entrepreneurship. Relevant coursework includes Interactive Journalism, Big Data Ethics, Data Structures, UX design, and Multimedia Storytelling. GPA: 3.91

Duke University Robertson Scholar

Accepted into a selective scholarship program to be a "dual citizen" of both UNC and Duke, studying and living at both schools. Coursework includes Algorithmic Journalism, Politics and Media, and Profile Writing.

Thomas Jefferson High School for Science and Technology Concentration: Software Engineering Attended a selective magnet high school for science, technology, engineering and mathematics.

RESEARCH

Duke DeWitt Wallace Center for Media and Democracy Online Gatekeeping

Collaborated with Dr. Phillip Napoli on research on the spread of news content on social media, which was selected for the Association of Internet Researchers conference and is pending publication.

Media and Journalism Emerging Technologies Lab AR Storytelling

Developed new storytelling technologies in Prof. Steven King's lab, including a photogrammetry tool and a scavenger hunt app. Responsibilities included product management, research, design, and development.
